Agenda of our meeting

Group Interaction and Project Ideas.

Discussion

In this meeting all the group members interacted with each other .Then we started thinking about ideas for project.Firstly we discussed about whether the project is a website or an Android Application??After all the discussions we decided our should be an Android Application with Social media Platform which is very Useful. Then started thinking about ideas of a project.

Conclusion

So after one hour we concluded with some ideas but not decided any one of it.

Next meeting

In this meeting we will discuss & decide the idea of our project.

Agenda of our next meeting is :
 Discuss & reviewer decide.
